**BE CONNECTED TO YOUR MACHINE
24/7**

**RECEIVE YOUR WEIGHING INFO ON YOUR PC AUTOMATICALLY!
BACK UP YOUR DATA NOW**

USING LOADSENSE **IPOTWEB** SOFTWARE, ALL YOUR SCALE DATA ARE AUTOMATICALLY RECEIVED AT YOUR OFFICE ALMOST INSTANTANEOUSLY.
HOW DO I OBTAIN MY DATA?

- On the **ipotweb** software, you can manage your data, print reports and even export the data in a Microsoft Excel format.
- On your cell phone or blackberry, you can receive your production report automatically, every day in Microsoft Excel format.

TRACKWEIGHT QUICK RETURN ON INVESTMENT!

It is so simple that you can install it yourself.
 Telephone support free of charge.

What is the management of a single load, from completion to invoicing, costing you now? With **TrackWeight** these costs are eliminated, because you receive the loading data in real time, wherever you are.

WITH **TRACKWEIGHT**, YOU CAN ALSO ACCESS YOUR MACHINE SCALE DATA 24/7 BECAUSE DATA ARE ON A SERVER.

TRACKWEIGHT GIVES YOU MORE!

ITS FEATURE-PACKED FUNCTIONALITY ALLOWS YOU TO:

- automatically send your day-to-day production by e-mail to key managers in Microsoft Excel format.
- receive data even the loading point doesn't have a momentary coverage because **TrackWeight** stores the data and send it once the cellular coverage comes back.
- get data directly into your invoicing process.

TRACKWEIGHT, LOADSENSE'S NEW INTELLIGENT CELLULAR MODEM, ENABLES YOUR MACHINE SCALE TO AUTOMATICALLY RECORD EVERY LOADING DONE BY THE OPERATOR.

HOW DOES IT WORK?

Every time you CLEAR the total on your **Loadsense** scale, the loading data is sent to the **TrackWeight** module connected to your scale.

USING THE CELLULAR NETWORK, YOUR DATA ARE SENT TO YOUR **TRACKWEIGHT** ACCOUNT ON THE INTERNET!

If cellular coverage is weak, **TrackWeight** will store the data until the cellular coverage comes back.

- **EASY TO USE** Automated process.
- All the info printed on your loading ticket is **SENT TO YOU**
- **TRACK** missing ticket printout!
- **FASTER INVOICING** thanks to real-time weighing data access!
- **MACHINE PRODUCTION SENT** by e-mail, **EVERYDAY!**
- **EASY INSTALLATION**, you can do it by yourself
- **SOS** Remote software assistance
